

4-YEAR BA SCHOLARSHIP: IN SIBERIA / IN ENGLISH / WITH PROFESSORS FROM 17 COUNTRIES

School of Advanced Studies (SAS) at the University of Tyumen is a dynamic higher educational institution in Western Siberia (Russia) that offers international undergraduate programs in English for students with broad intellectual interests, adventurous spirit and aspiration for academic, professional and personal development.

SAS offers a unique educational experience:

- A liberal arts and sciences curriculum spanning the humanities, life sciences, IT, and the social sciences;
- International professors, most of whom received their PhDs from the world's top 100 universities;
- Intensive coursework in small classes – 2019/20 average is 12 students;
- Instruction in English.

During the first two years of study, you will take a mixture of required core courses covering a wide range of disciplines that will give you a broad base for your future study and career. Every quarter, you will also freely choose 1-2 elective courses to pursue your interests. In years 3 and 4, you will complete coursework in your preferred major (Information Technology and Digital Society; Cultural Studies; Life Sciences; Economics; Film and Media Studies; History; and Sociology and Anthropology) and minor (the same as majors above plus Philosophy and Environmental Studies).

FULL SCHOLARSHIPS

In 2021, SAS will award 3 scholarships providing comprehensive support for the completion of a four-year undergraduate degree, beginning in September 2021. The scholarship includes a full tuition fee waiver for the full duration of the program. We will guide you on how to get a student visa and health insurance as well as make sure you will get a room in a recently renovated and affordable dormitory. Additionally, you will be eligible for merit scholarships.

HOW TO APPLY

The application deadline is **January 24, 2021**. The review of applications will begin immediately. The applicants must submit all the following required documents to apply_sas@utmn.ru:

- A scanned copy of your passport (valid for at least 1.5 years after the supposed date of your arrival);
- A high school diploma (or an academic certificate confirming you are this year's graduate) as well as the official transcript of records (both translated in English);
- Two letters of recommendation (in English);
- Your CV;
- A 500-word cover letter detailing what attracts you in the SAS curriculum, what you can contribute to the SAS multicultural community, and how study at SAS will enhance your intellectual, career, and personal development;
- IELTS or TOEFL test scores (if English was not the language of instruction in your high school). We accept IELTS Indicator.

Finalists will be invited to an online interview. Decisions will be made in March 2021.
